Sahnavaz Choksi

Software Tester & Full-Stack Developer

Mississauga, ON sahnavazchoksi325@gmail.com linkedin.com/in/sahnavaz-choksi github.com/SahnavazChoksi
sahnavazchoksi.github.io

SUMMARY

Information Systems Engineering student at Sheridan College with three co-op work terms in the Ontario Public Service, across software testing and programming roles. Builds full-stack web apps with Next.js, React, Node.js and Firebase, and brings a QA mindset to every project (95% in Software Quality Assurance).

EXPERIENCE

Tester Co-op
Jan 2026 – Aug 2026

Ministry of Public and Business Service Delivery · Children, Youth & Social Services I+IT Cluster · Toronto, ON

- Tested applications that support Ontario's children, youth and social services programs.
- Invited back for a second consecutive work term (Winter and Summer 2026).

Junior Programmer Co-op
Jan 2025 – Apr 2025

Ministry of the Solicitor General · Justice Technology Services · Brampton, ON

- Worked as a junior programmer on the Justice Technology Services team, supporting justice-sector IT systems.

PROJECTS

CloudLedger
cloudledge.vercel.app

- Built a cloud-hosted ledger web app with Next.js, React and TypeScript, backed by Firebase.
- Added drag-and-drop reordering and export of records to PDF and Excel for reporting; deployed on Vercel.

Stack: Next.js 16, React 19, TypeScript, Tailwind CSS, Firebase, jsPDF, SheetJS, dnd-kit

BeamBox
github.com/SahnavazChoksi/BeamBox

- Built a lightweight file-sharing server: upload files, browse shared folders and download whole directories as a zip.

Stack: Node.js, Express 5, Multer, Archiver

QR Code Generator
github.com/SahnavazChoksi/QR-code-generator

- Web tool that turns any URL or text into a scannable QR code, with a JavaScript front end and Python generation.

Stack: Python, JavaScript, HTML, CSS

ProfGPT
Team project

- Collaborated with classmates on an AI-assistant application.

SKILLS

Languages	Java, Python, C#, C, JavaScript, TypeScript, SQL, HTML, CSS
Frameworks	Next.js, React, Node.js, Express, .NET, Enterprise Java, Tailwind CSS, hybrid mobile apps
Data & Cloud	Firebase, database design & management, big data storage, cloud architecting, Linux, Vercel, Git & GitHub
Quality & Process	Software testing & QA, SDLC methodologies, software process management, PMP-based project management, business process modelling

EDUCATION

Computer Systems Technology – Information Systems Engineering (Diploma, Co-op)
Sep 2023 – Dec 2026 (expected)
